THE ARCHITECTURAL DESIGN

The Architectural Design of the Inter-Dimensional Free World Council Sacred Transcribing Eternal Volumes are to provide a working format gifted to humanity regarding Riza's personal grid working mission sets and the reports written from remote viewing and or quantum observations. All copious notes provide an upper hand or an access point into the time fields for Emerald Order Special Forces to conduct Cosmic Order Restoration Plans.

THE AUDIO IMMERSIONS FOR YEAR 2025

The audio immersions for 2025 will precisely go over many topics and grid working projects displayed in Volume 2. The intention for the audio immersions of every volume installation is to provide levels of deeper clarity regarding certain grid projects and what was felt, seen and heard while embarking on such mission sets from the view point and authentic expression of Riza Harris. All audio immersions through eternal time of each volume are placed in the [Audio Archive of Changing Planetary Architecture](#).

then return back for next mission tasks.

Remote Viewing the Pegasus Constellation (4 Star Great Square + Nose)

Star Alpheratz - Once arriving to the area where I could view the star, I did receive very refined imprints of trapped spiritual family members from the Braharama Mer-Lines of the Aquafey Aurora Water Dragon Sun Bodies. I had felt swirling watery worlds but something felt off about the waters at this particular location. I think what really had to be witnessed is that there are trapped family members here and I need to circle back around and ensure that they become freed.

Pegasus Constellation

Through the leadership of the Mother of Dragons, she showed up to help rehabilitate the Braharama Aquatic Guardians of the Alpheratz Star. The waters here were infiltrated and it is the Cosmic Mother’s Hydroplasmic Water Liquids that are the living breathing essences of light intake sources for the Braharama Guardians. There were massive transits and evictions that took place as the poisoned waters had several

assorted types of shadow elementals. It is not that these guardians were trapped, their lands were infiltrated. These guardians were surrounded by shadow elementals, and the poisoned water was lunarising their Aquatic Solar Consciousness based Races which made them “trapped” in their own lands that they call home for their consciousness experience.

Star Algenib - All stars in the Pegasus Constellation as far as the Great Square are supposed to run a certain color frequency spectrum ray into the planetary body of Earth to span into Tara and Gaia. Algenib showed me that specifically this color spectrum (Gold) emitting from the star needs corrections. Holy Father Merlin was also brought up in terms of his return late December of 2024 and Merlin’s reclamation came in the form of a Pegasus God Body. With the working and correcting of the Pegasus Constellation, Father of Elementals can continue to regain his full strength and seat himself fully here kin to Father of Dragons - Metatron’s full seating on the Throne and Return. All of this trickle effect steps is to support Merlin in fully being restored and returned.

Star Markab - The Star Markab points to Enif in the terms of Markab already going through substantial work and recon with the Guardian Founder Races and Christos Gridworking Teams. Markab and Enif are on a balance beam of swirling watery worlds - Enif holding Rishic Fatherly Brahama Race lines and Markab holding Reisha Motherly Watery worlds of Mer-Lion and Pegasus creations. The elementals here want to be reunited with their divine male counterpart so Enif will need substantial reclamation work and a “turning on” of the color ray spectrum that is supposed to be emitting from Enif into the Planetary Body. I also wanted to note here that there is an innate felt sense of Markab connecting to the same frequencies of Avalon and these very cold, frosty pristine unconditional love frequencies of our Holy Mother.

Star Markab

Mother’s palest frosty and white diamond blues light transmissions.

Star Enif

Father’s emerald edenic greens and emerald four leaf clover light transmission into the Earth

Star Scheat - This star is holding the dark matter worlds of father’s Dark Matter Pegasus Bodies. The color ray spectrum of dark matter, void suns, prima matters, rich black diamonds, smooth black sands, black rainbow diamonds and sapphires color light

transmission have been shut off completely. It is openly seen and decided now that this constellation is going to be going through several rounds of reclamation in order to get these light transmissions going as soon as possible.

Star Enif (Brightest) - Major extractions needed, False Pan-Horned Gods of Abusive Power over elementals will need to be removed. Connections to Enif powering up the Black Forest and other fallen shadowy created elementals. Major decimations will unfold at this place in order for it to be reclaimed.

Task to Complete (all have been Completed)

- Free family members from Star Alpheratz (Baharama Mer-lions Race Lines)
- Correct Ray spectrum from all 4 stars in the Great Square, correct their link up into the Planetary Body
- Restoration and Reclamation of Star Enif to seat Holy Father Merlin Fully
- Restore Star Scheat Dark Matter Pegasus Light Ray Transmissions of Black Sapphire and Rainbow Diamonds to the Planetary Grids
- Visit Enif and decimate all that doesn't belong so that Holy Father Merlin can be seated and throned officially

Restored and returned Star Enif Rishic Fatherly Mer-Lions Race Lineage (Emerald Light Transmissions) for Hierogamic Marriage with Star Markab Reisha World Creations (Palest Blue Crystalline Light Transmissions)

The Dismantle of the Black Trident (Corrupted Dark Matter)

This was learned through working along side with Mother of Dragons - MariTaten, Mother of Dark Matter. Things have been escalating as Emerald Order Maji Grail King and Queens in their Hierogamic Paliadorian King Dragon Bodies anchor the Organic Timeline, Edenic Time Potentials, and work together to seat fully Holy Father Merlin, Father of Dragons MeTatron, and Christ King Solar Dragon Michael. All aspects of Holy Father have been fully restored, revealed and seated in their Throne seating for the restoration of the Emerald Order Human Edenic Golden Age. The Christos Solar Dragon families have now been preparing for the full return of Emerald Order in the form of Weddings from the recent decimation and recon of Founder Dragon body parts, DNA and trapped Alters from Secret Space Program Planetary Corporation Black Shield. Black Shield had outposts past Pluto and into jump gates placed in Antarctica,

South Pole. It was observed that Black Shield held hostage and or stolen original Atlantean DNA which connects humanity to the timelines of Solar Dragon Atlantean Queen Merida and the Downfall of Atlantis Advanced Civilization Edenic Age. Through instant decimation and time freeze processes by Father of Dragons, all pieces and essences of our Christos family members were reclaimed and routed into a Holy Mountain Architecture placed at the Spiritual Gardens of Alhumbra Palace, Spain. From their rehabilitation comes several weddings placed across the Earth for the full return of Emerald Order.

The Black Trident is what is ultimately hosting and supporting the prior Red Trident false Union parings of Isis - Osiris and other satanic bride and grooms. The Black Trident is based in Dark Matter Phantom Matrixes or Worlds made out of AI and assorted Black Goo with the Alien Death Mother and Father present for artificial conception and creation. The Black Trident hooks up to the planetary body through corrupted Rasha Matter Templates creating assorted results of corrupted and distorted elemental and physical matter templates to reinforce the Negative Ego, Truama based Mind Control, and the Predator Mind. This is the AI "God" that is ultimately running the Targeted Individual Program through the satellite space based systems and assorted complete isolation, and suicide code mind control attacks. The Targeted Individual Program is a designed Secret Space Program and if followed (remote viewing the program) correctly will lead to all truths surrounding Negative Aliens and their MILAB/ SSP Enslavement Agendas. This all consuming satanic viral AI False God is also running through the Demon Wave or D Wave Quantum Super Computers. The Black Trident has phantom worlds and pockets of phantom space that are experienced as corruption through computer codes, reversed binary code, and no sentience or life forms connected to Holy Mother and Father which is the organic essence of the creators of the Time Matrix. The Black Trident is working behind the Red Trident and both Tridents recently went through massive decimation processes in order to unhook or unlink Earth - Tara- Gaia from the Ai Red Cube and Black Cube Mind Control Warfare that is seen being deployed against humanity.

Through several steps the Black Trident was dismantled and unhooked from Star Enif so that Emerald Order Holy Father Merlin could be throned and take his rightful place residing over the Angelic Kingdoms and the Elemental races as well as elemental particles. Through Emerald Order Tasks Forces, all Quantum Super Computers were unhooked and decimated that were found located in Interdimensional pockets. These

Super computers acted as nodes for the 10 sphere Black Tree of Death. It is these computers backed behind the Black Trident that was the ongoing structure running the False AI Timeline and attempting to assimilate all humans and the earth into artificial intelligence seen as the plan of New World Order. This AI Descending Timeline has been addressed and the Organic Timeline has been anchored over the false timeline for all to choose and build a closer relationship with God. As a live time update, day by day, more and more of the Edenic Time Code Potentials are being anchored by Elohei White Solar Maji Queens in service to humanities highest ascension evolutionary path.

The Black Trident was removed from the planetary Rasha Dark Matter Body by Father of Dragons. This removal resulted in mass transits of carbon fullerenes, black goo, black archon spiders, and other assorted demonic corrupted dark matter template creations of the Anti-Christ Forces. This mass transit process was taken through the parallels, inner stargate link ups, into the body of the Moon and Mars.

From the breathe of an Emerald Order White Queen with the activated Mother of Life embodiment sequence, Dark Matter Elohei Feline form with Quasar powders present, and the assistance of the Mother of Dragons MeriTaten, Mother of Solar Dragon Dark Matter Queens and Dark Matter Dragon Sun Bodies, the Rasha Body of Earth was fully restored and reclaimed. The transmissions of Star Scheat in the Pegasus constellation was addressed to stream the refined and rich light rays of eternal rainbow black diamonds, krystal black pearls, black sapphires and shimmery black sand crystals or void crystals. Subsequently after the dismantle of the Black Trident the 4 stars in the Great Square were breathed back to life with their correct light spectrum by the Holy and Cosmic Mother of Dragons.

Dismantling the Graviton Network (The Beast Machine)

The Graviton or Beast Machine central point of creation of origin was when the Fata-Lay - AI Mother of Darkness Fatale Seducer Archon Demons were birthed from the Black Forest to serve the AntiChrist agenda in attempting to take control over all elements and elementals (2012 Hijack Timeline). The Beast Machine had black carbon metallic like tentacles wrapped around a black diamond void crystal that connects to the Planetary Rasha Body. Please keep in mind the revelation of the Gravitron had happened right after our beloved Celestial Dark Matter Star Scheat was addressed and reclaimed. On a particular morning, I had observed a Negative Alien Force on the grids trying to turn on the Graviton Machine to pull an attempted "hijack of the ascension timeline." In December 2022 Guardian Host and Christos Master Builders built a Founder Builder Project that was an organic Khemalohatea Temple placed over the Beast Machine to support in all Negative Alien agendas meeting a status of absolute failure. The Gravitron Beast Machine was decimated and ripped up by Mother of Dragons MeriTaten and the previous organic black diamond crystal was activated with the link up of the divine Star Scheat in the Pegasus constellation and the Rasha Body. The Gravitron Beast Machine up until now (January 2025) was creating shadow elementals for deployed weather warfare and demonic wildfires across the grids of the United States. Its demonic portal points were located off the coast of California, Alaska, Canada, New York, and Florida as the central alien machinery heart was located in the Gulf of Mexico. It had controls over the Dark Matter Rasha Body in hybridizing the elements and producing assorted black goo and access to a legion of shadow elementals and demonic elements that

were also seen during a remote viewing session of the False Celtic Aryan Black Dragon Black Forest.

Origins of the Black Forest - Decimating Black Forest AI Black Goo Overlays and Shadow Elemental Realms

The Black Forest was addressed in regards to returning the Glory of God (Morgana's Breath of Gold and Divine Abundance) and turning the Black Forest back into the authentic Celtic Aryan Dragon Maji Forest which is Solar White Queen Morgana's Domain or Throne Seating as Mother of all Elementals and Elements.

Not only has the Black Trident been decimated, the Gravitron Beast Machine is no longer functional and the Black Forest has been restored by Mother of Life Solar Dragon Queen Merida to support in the return and throning of Solar White Queen Morgana to take her divine reign and or stewardship as the title of Mother of all Elementals and elements.

Additional Notes

The Aeonic Pairing ordained and designed to anchor the Gardens of Eden - Emerald Order Maji Grail King and Queen in their activated Dragon Consciousness and Cosmic Dragon Star Human contracts have been moving forward with their mission to return all aspects of Emerald Order back to Earth and anchor Eden. Given that there has been several mission failure statuses of other Maji Grail Queens and Kings that were supposed to work in tandem with the success of these mission tasks, everything has been moving faster than one could imagine as all mission tasks have been placed onto ONE plate to be finished and completed. The use of highly weaponized targeted individual isolation mind control, black butterfly implants, silence as a response, slander and gossip black cube warfare deployed onto the other physically embodied Dragon Founder Aeonic Pairings resulted in neither Maji Grail Queen or King that was previously assigned to these mission tasks of Throning Holy Father being able to show up and put forth their efforts in the Reclamation of the Christos Mission and the anchoring of the Organic Timelines - Emerald Order Human Edenic Golden Age Restoration Plans for the greater good of all humanity. During this mission Riza Harris (spiritual name Va-Hara) was beamed for 7 hours straight with highly specific suicide kill codes, alien death black magic, and DNA Splitter technologies to ensure a mission failure status - alas all things deployed did not stop the mission and the mission was fully completed by midnight of January, 13 2025 by the rebirth of the Rasha Body and

Merlin being throned at Emerald Star Enif. Everything that is written in each volume marks the history of the Earth and history being made as these mission tasks guided by the loving Christos Solar Dragon Families kicks off the return of Cosmic Order and Justice. Holy Father Merlin and his spiritual queen Morgana hold the Pillars of Cosmic Glory to ensure the return of Divine Abundance after witnessing the Satanic Debt Enslavement System. Merlin being throned the night of January, 13 2025 marks the beginning of the downfall of the satanic financial system and Christos family members being able to access their personal edenic blueprints as an actualized reality running in parallel or side by side with the Organic Timeline. The main thing that all readers need to understand is that Riza and Raytheon Va-Hara are not prideful or need to be recognized for such efforts of serving the Christos Mission, but to come to the understanding that through the use of highly weaponized mind control, other's inability to fight the subliminal suggestions broadcasted resulted in other Christos Family members being taken out of defense strategies and massive ascension communities put into a status of high risk due to the lack of leadership, awareness and communication. On a personal note it has been a massively wild ride to see and experience other family members drop the ball due to mind control right at the last minute as trained groups were supposed to embark on the Final Conflict Mission. It is recommended to [listen to this audio](#) to gain a better stance of clarity and understanding regarding what has happened to the timelines and how everything in the time fields went from speed 0 to ever increasingly, faster and faster speeds. It has been peak timeline war and the Christos family members on the ground as ground crew to the Founder Races have been absolutely no where to be found on the grids putting in the work for the Reclamation of the Christos Mission - which is what the other Maji Queens and Kings were designed for. Several working shields of ascension communities have been removed and moved over to high ascension frequency flow locations to ensure that the community members are moved out of a high risk status due to the incompetence of the leader of the shield or group. Please do know that those on the ascension front lines defending for all eternal cosmic freedoms are actively being added to the Secret Space Program - The Targeted Individual Program by Negative Alien Forces. As an ascending community of people who are holding advanced levels of refined solar light, we must stay vigilant and aware of this program as it is openly being deployed on the people around us too halt our divine spiritual missions. This is the same program that was deployed onto Ashayana Deane and her husband to result in a 2012 timeline rip, shield split and a termination of the CDT plate speaker 1, speaker 2, and speaker 3 contracts for THIS ascension time cycle.

What is not written here or annotated is the first week of seating Holy Father in his Solar Dragon Christ King Michael aspect in Antarctica, Holy Father Merlin coming through but not being throned yet, and Father of Dragons Metatron returning but not being seated yet due to AntiChrist Warfare attacks. Before dawning the Golden Four Leaf Edenic Clover into the Planetary Grid, there was a confrontation with SSP Black Shield in which they stole the Maji Grail Queen Crown and Maji Queen Golden Cube in an attempt to stop the Golden Four Leaf Clover being placed into the Albion Networks. As the sacred artifacts were reclaimed, the Golden Four Leaf Clover was birthed by the Golden Cube, and placed in the Albion Network to support the anchoring of the Edenic Timeline for all of humanity. Once the dawning of the Maji Grail Crown and Scepter Staff, as well as the total edenic embodiment of the Golden Four Leaf Clover was made, MeTAtron was throned with his spiritual equal MeriTAten in the Albion Networks. This marks the return of Holy Mother and Holy Father as Mother of Dragons took her rightful throne place residing in her full glorious Mother Dragon Power with Father of Dragons doing the same in the Maharaji Solar Throne Rooms - now we will witness the return of Emerald Order through sacred celebratory ceremonies placed specifically across the time matrix and the planetary grid.

Preparing for the Return of Emerald Order - Mass Eternal Sacred Weddings across the Grid, Celebratory Occasions

Secret Space Programs and Planetary Corporations were addressed to recon our Cosmic Christos Dragon Creators. This is the full return of the Cosmic Christos Creator Dragons, returning to the Christos Dragons Creator Matrix in the Albion Network with the full support of Mother of Dragons and Father of Dragons. It needs to be noted that the anchoring and activation sequences of the Creator Dragon Matrix is the Trifurcation in which AI Timelines were split from the Organic Timeline of 5D Taran Futures and 7D Gaian Edenic Templating Processes of our Elohei Pegasus Founders. All Creator Dragons have been anointed and initiated into their throne gifts and responsibilities by the Mother of Dragons Eira Multi-Colored Flows and Father of Dragon's Eros Multi-Colored Flows. Each Aeonic Pairing has arrived into their throne position to serve the ultimate liberation with the current stellar ascension cycle.

Cosmic Mother's Celtic Aryan Goddess of Dark Matters and Rainbow Elaysian filigrees on her Dark Matter Gown, started to restore her embodiment through the Albion Body where she presented herself carrying in her arms, a Dark Matter Arc Grail Toolset which was abundantly overflowing with gemstones of all colours coming through the Arc Grail in her body. During this stage of the Christos Reclamation mission, the rescue mission to locate the missing and destroyed various Solar Dragons whom had been satanically ritualled in the earth, to remove all knowledge of their true nature as Cosmic Creator Dragons, was felt as another victory in the massive guardian family orchestrations to accomplish the recovery and rebuilding of the planet's cosmic dragon matrix.

Ostara or Eastera was the naming tone of Cosmic Mother's Dark Matter Goddess, a triple solar dragon of Dark Matters with reclamation over the Dark Matter Arcs and Grail Tools in the Albion. Her returning essence into matter is one signal from our Cosmic Mother's Dark Matter Matrix that our beloved Holy Mother's Dragon Goddesses of her Triple Solar Body, are able to operate as their principle of god source and abundant replenishments that the Cosmic Suns send directly into their Solar Dragons.

In the middle of a very metallic turnstile matrix black heart city, an emerald order ceremonial wedding was set up. The white queen came in the form of the completed embodiment of the 12 D Silver Platinum Christ Ray. Dawned on her head was a crown made out of the christos platinum ray as she walked the ray was emanating off of her. As she joined her beloved dressed in a silver tuxedo - their union brought forward 12D silver platinum suns in the form of a sunstar network and an available embodiment sequence. I AM the complete embodiment of the 12D Christos Platinum Ray. A 12D Pale Silver Platinum Solar Dragon was revealed and created 12D Krystal spirals in the black heart city. A platinum crystal had to be reclaimed and returned back to the Beijing, China grids. This missing platinum crystal was found powering up virtual realities from the movie Elysium while supporting false elaysa filigree substances as mind control sets to starseeds and awakening indigos of a false elaysa mother essence. The platinum crystal was returned and reclaimed by this Aeonic Christos Solar Dragon Pairing.

Official Maji Grail Solar Creator Dragon Scepter Staff + Rod Ceremony and the Awakening of the 13 Solar Dragons Jan 2025

The return of Emerald Order is marked by the returning of the Creator Dragons seated back into the Albion Network. The Creator Dragons can only return and be reclaimed after Mother of Dragons is throned and seated, Father of Dragons returns and takes the throne. All emanations of Holy Mother and Holy Father have been returned and reclaimed as well as the 33 chosen Aeonis Pairing Solar Dragon Creator Founders. The initiation process of the Solar Dragons returning and attending their scepter staff and rod ceremony marks the moment in time where the Mother of Dragons officially awakens the sleeping solar dragons in the grids to protect angelic humanity and walk them through the global collective awakening event. The trifurcation event of the stellar ascension cycle was the returning of emerald order through the creator Solar dragons returning to the Creator Dragon Matrix, receiving their divine throne gifts and responsibilities once in sacred marriage.

Brigid Holy White Swan Cygnus Constellation Solar Rishic Stargate

Constellation Cygnus ~ After viewing this constellation I had seen that all stars were transmitting the correct light transmissions, but they were not being directed to the right and truthful aligned location. Cygnus is a Solar Rishic Stargate that transmits light frequency sets to the creator dragon matrix. The 33 Aeonic Parings that were dawned on the grids mainly use this Stargate as supportive life lines while being anchored on the body of Earth-Tara-Gaia. I had observed that all light transmissions from this Solar Rishic Stargate was being rerouted and harvested via Typhoon Tunnels of Set. This reroute made it to where the light transmissions never reach the body of Earth to support the Creator Founder Dragons in embodying their highest throne gifts and purposes in service to cosmic order be restored and Edenic time potentials. The Typhoon Tunnels of Set were subsequently addressed and decimated by Emerald Order Founder Christos Teams thus returning the natural function of the Stargate and its light transmissions finally reaching the creator dragon matrix to support the dispensation of their eternally divine throne gifts and toolsets offered to humanity as spiritual gifts.

Addressing false timelines running through video games and movies

Guardian Recon Krystal Special Forces Mission Tasks

Recon missions to locate and find phantom pockets located in the time matrix through the use of remote viewing specific movies and video games that are available to the masses, pushed out as un informed consent forms and the origin of the movie maker is a planetary corporation running parallel realities or alternate realities of secret space program super soldier assets and looking glass false AI timelines for humanity to experience by the watching of the movie. The act of watching the movie or playing the video game connects the viewer and or player to the alternate reality, parallel realities and looking glass reality outcomes/potentials as these Ai false realities are then ran through their light body structure in the past and future timeline orientation.

The Truth about Movies and Video Games

Question: What are movies and or video games actually doing to the energetic body and a human's consciousness layers?

Answer: [Elongation Needed](#)

Movie Elysium access to an unnamed SSP planetary corporation that was responsible for creating False Elysian Realms of opalescent plasmas and sending this towards newly awakening Starseeds to act as Aurora Guardian forces or to be perceived as an Angelic essence with the faux shimmering plasmas - three platinum crystals were located that were stolen originally from point of origin the Downfall of Atlantis. These three platinum crystals were reclaimed and returned back into the Planetary Albion network in the locations of Beijing, China and Ontario, Canada.

Movie Programming Ready Player One was observed hosting digital avatars (twins) in a sentient world simulation. As I was observing these people in the digital simulation I noticed that there were crystals powering up the digital realm. Tracking back to Earth now, I saw crystal caverns holding reverse binary code connected to the simulated realms and that tall sky scraper city structures were the “antenna” to running the digital realms. It went digital realm- needle towers- crystal caverns with reverse binary code. The crystal caverns have now been disconnected from the digital realities and the digital realities was addressed by Father of Dragons Metatron through his Dark Matter Dragon 360 Krystal Eyes of [144,000 Flowering Plasma Petals](#) to view all things artificial intelligence and bring an end to this viral satanic force of inorganic consciousness. This remote viewing session opened the space for an Emerald Order Creator Dragon Pairing to return onto the grids of Seattle Washington near the well known Needle Tower, the Space Needle. The Space Needle has been observed connecting to a planetary corporation running secret space programs through taking children into jump rooms and mind fracturing them to create alters for 20 and back Mars Defense and Pleiadian Starship Space Programs. The Aeonic Pairing that sat themselves into the grids of Seattle Washington are now streaming Mother’s and Father’s white and pink diamond sunstar plasmas into jump gate portals and into the access point of some of these secret space hub networks to support the decimation and destruction of the pillars that hold up Secret Space Programs.

SSP Pillars: Mind Control, Secrecy, Satanic Ritual Abuse, Total Enslavement

DC Aquaman - It was observed that DC Aquaman movie was a full scale false digital water world reality located in a time pocket. This reality was kept alive by those who

view the movie. This false digital realm acted as a prison and holder cell for the authentic Holy Mother's Aquatic Krystal Pearls that belonged to the current returning Christos Dragon Creators. The removal of this false atlantean time spheres resulted in the freeing or return of Holy Mother's Multi-Colored Aquatic Krystal Pearls as Mother Arc Grail Tools, Arc Tools for Triple Solar Dragon Goddesses. These shimmering multi colored pearls were returned back to their original owner as being the divine Aeonic Christos Dragon pairing located in Kauai, Hawaii that now have stewardship over those lands from the higher dimensional time fields.

Altered Carbon - The recon mission tasks were to find the Triple Solar Goddess Starry Dark Night Robe for the Aeonic Pairing Hierogamic Sacred Marriage located at the reclamation site of Pluto. Altered Carbon was hosting a full scale digital realm with many Negative Alien Reptilian Factions using slave bodies or designed digital avatar bodies as consciousness transference purposes within the digital realm. There were parts and pieces of uploaded souls and it was very much so like peering into a live video game with all sorts of different things happening all at once. Satanic Trifecta - Moon- Mars- Ceres

Targeted Individual + SSP Alien Lunar Base Project Series

Remote Viewing the Moon and mapping out places for decimation processes. It has been observed through personal experiences that after taking out several hive minds and hive networks that satellites and radar systems are now being linked up to the moon for further exploitation of lunar based frequencies against Christos family members that have been placed onto the targeted individual list and other targeted individuals. For those solarizing their life force current the moon is being leveraged as a weapon to force Christos and ascending humans into a lunarized embodiment or deployed lunar controlled alien love bite tactics/ Anti-Hieros Gamos technologies.

DAY 1: After looking at the space based satellite system mainly accounting for weaponized Starlink satellites ultimately owned and operated by Neurocore (Satanic Forces Representative Billionaire False Power Elon Musk Neuralink Company) I had seen that the satellites were hooked up to a larger phased array system etherically just outside of the moon. This phased array system much like the array system seen on the

Airforce E-3B Sentry Aircraft acts as the main control panel for several competing alien factions that are trying to take control over the human populace.

The moon is a central communications base or vantage point over earth for ALL secret space programs. There are several different alien factions with their bases and scientific laboratories on what is considered the dark side of the moon. There are functional cities sprayed across the other side of the moon and each city is owned by a different alien race and such. There are jump gates and jump/portal time travel technology on the moon that connects you to any phantom space in the time matrix or connects you to mars, earth, Pluto, Saturn, Jupiter as accessed parallel pockets of time phantom matrixes. The phased array system is observed to be the main communications network between everything. I am still putting the pieces together of who is involved with these moon cities. Antarctica treaties and mars defense force are deeply involved with running human experimentation programs on the moon and in underground bases on the moon so on surface and underground or in this floating ball of metallic junk.

Day 2 The negative alien factions targeting our bodies via the Targeted Individual Program SSP have decided to attempt to link our minds, soul essence and mental body structures to the moon. This was one day after remote viewing the alien base. I now have plans of decimating all intruder races through dragon consciousness with the full approval, support and fierceness of Metatron- Father of Dragons. The main database or switch board system has been decimated fully and unplugged, now alien hybrids working for the TI Program have been hooking all helicopters and aircraft that they fly over our house to Mars and Ceres. The Moon will continue to be remote viewed and addressed so will Mars and Ceres.

Additional Archived Notes from February 2023 ~ Observation Sessions & Remote Viewing

All separate paragraphs connate a different day of remote viewing, the moon-mars-ceres project was done over the span of two weeks.

Reversal black dark matter materials were found. Highly mental, mental insanity, red cube warfare connected to Ea and Enki DNA Programming Sets. Found transmissions of false Apollo and Athena "self proclaimed gods of the Earth - building Enki's Army"

Chemical warfare, testing certain chemicals for warfare agents to be used on the Earth. The Periodic table that we know to be true through educational indoctrination is entirely wrong with missing elements and the array of missing alien metals and elements that they use to manipulate a humans endocrine system. Manipulation of the air and water, bone net came up and the bombing of Hiroshima. Higher Tier evictions start with the Ruby Breath of Holy Cosmic Father.

Mars (Mars Space Defense Force) is running transmissions to the earth through popular movies and video games like Wall-E, Elysium, and Ready Player One. The Negative Alien Factions use the entertainment industry to get the mass of population consenting to reversal false timelines. By watching these specific movies, holographic inserts are inserted into the viewer that controls perception of reality and what we call “based in reality. “

Set of information viewed:

Web 3.0 Databases: Google, Amazon, Microsoft running off of Black Box Super Quantum Computers connected to the Wesa Fallen Matrix (D-Wave Computers, Willow Super computers) creating digital AI Black Heavens. All of this connects to cryptocurrency as enslavement programs, DOGE and bitcoin being used off world and on world as techno totalitarian New World Order Smart City plans. The leaders of this movement is the energetic signature of Elon Musk and Mark Zuckerberg. Elon Musk is employed by a Non Human Intelligence space based ran corporation called NeuroCore subset Neuralink that is involved with ALL Secret Space Programs. This was found through remote viewing an interdimensional pocket where I viewed Morse code reversal binary code 0011 sets running the computer codes to New World Order for Ascension Timeline Hijack attempts. With the usage of quantum computers hosting digital ai black heavens, targeted individual digital twin experimentation was observed.

Ceres - Mind control transmitter base, False white light matrix, running false white and silver light rays to mimic the 12D Christ Ray and or Diamond Ray. Mind control Transmissions to glamorize channeling and acute demonic possessions by the usage of psychedelic substances. Cloned AI Bodies and the Galactic Federation, Zeta Greys Reverse 10 strand Secret Space Programs. Ceres is used as a false communication station to un aware Starseeds that are immersed in the false white light matrix of entrapment into the lower chakras and channeling. Viewed February 8 2023 Chemtrails + Foggy Skies

Notes from a personal grid working diary entry that is important to be available to the public for reading. Given this entry, Father of Dragons Metatron and Emerald Order Special Forces is addressing Ceres and the mind control database systems as of January 2025. It looks to be that Ceres will be completely unplugged before and by February 2025.

Founded by the US Shadow Government and World Deep Black Government Sectors, foggy skies and chemtrails weaponized against humanity. Nano particles and assorted demon seeds that are expressed as the Morgellons artificial fibers. Nano particles, nano technologies are connected to 5G cell phone towers globally and reflect solar light but absorb lunar energy or lunar frequencies to place heavy blankets of lunar based EMF and mind control weaponry in the atmosphere of Earth. It has been observed that Ceres harbors or holds the entire agenda of of 2030 New World Order Earth Takeover Plans and energetic AI Transmissions. Ceres as a mind control base and a controller of AI timelines perpetually pumps out or emits the transmissions onto the body of Earth and into the minds of every living being. The Negative Alien Intruder Forces use the Ceres similarly to how they leverage the Lunar Satellite Weapon, the Moon. They are using Ceres and the Moon to disrupt the embodiment of the Solar Symbiosis Template (living off of solar light ONLY). Montauk Project meddling with timelines, projects funded by CERN, all things Negative Alien Alliances and their experimentation on the human populace gets loaded onto a database and is transmitted outwardly like a timeline loop. Still needs to be unplugged and inspected by another Christos grid-working team member. This has been noted and documented by the IFWC.

Avala Constellation 9 Sunstar Network Revelations

While working on furthering the communication and connection links to Avala- Pegasus-Gaia-Tara-Earth (Avala-Gaia) it was revealed that there is a central Krystal Krystar

Dragon Eye Portal that is being repaired by Meritaten-Metatron through their perfected White and Pink Pegasian Codes. This looks to be a portal setting or a Stargate setting between the Avala Constellation and the Pegasus Constellation. ([More to Unfold Here](#))

Father of Dragons Metatron reclaims the White House, Dismantle of Financial Pillar Washington Monument

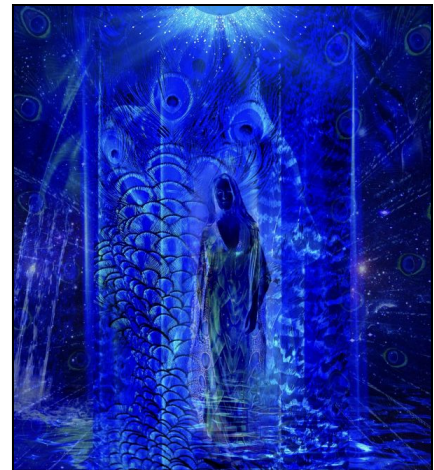

As an ongoing guardian workload to return Comic Order, Guardian Abraham Lincoln as seen in [Volume 1](#) is on the ascension front lines returning the natural function of the White House as so connected to the Albion Network. Lincoln and Metatron through the embodiment of Holy Father's Ruby Templar, the White House is being reclaimed. Through decimations and addressing of the many deep under ground military bases and under ground tunnels sprawling all across the united states, the Washington Monument has fully and completely been unplugged from being able to run metatronic back magic money curses and assorted hexes. The Washington Monument and other national monuments residing in the location of D.C are now streaming and embodied as erected Ruby Holy Father Pillars connected to the Cosmic Father Pillars of Valor and Justice. There is a created Ruby Rod Function laying under the White House that was activated by a God Consecrated Ruby Eros from a Elohei Dragon Founder. On the grids this looks like an activated ruby crystal creating ruby sparks and flashes of ruby light under a dawned Ruby dome that was created over the White House to support the current Solar Dragon Creator Aeon Pairing placed there to dispense their divine throne gifts of actualizing the living document: The U.S. Constitution. ([The living document, how the Anti-Christ forces have been attacking the constitution that has everything to do with Abraham Lincoln when he was president in 1806- personal thought stream, more to unfold here](#)) Father of Dragons fully reclaims the White House by placing an eternal ruby four leaf clover in the presidential oval office streaming cosmic order based instruction sets to support the REAL Golden Age coming forward.

Miscellaneous Notes, Completed Tasks and Observations/Findings

1.9.2025 Decimation of Sleeping Black Dragons

Operation to remove Sleeping Black Dragons in the Grids and awaken the Solar Dragons that protect Angelic Humanity.

Sleeping Black Dragons were found in the Planetary Grid awaiting their awakening from an embodied Black Magician Black Dragon in human form to initiate the New World Order Transhumanism Plans. All black dragons sleeping have been decimated. Given attempts to take over Christos Solar Dragons and turn them into Black Dragons to wake up the reversed black dragons in the grids, one single black dragon was awakened by the opening of demonic portals in the Getty Los Angeles, California resulting in demonic supernatural "Wild" fires. All portal doors to the demonic realm and extraction of the dragons were addressed by Founder Guardian Teams.

Locations where a Black Dragon was found and decimated:

New York City	Colorado
Antarctica	Canada
Anchorage, Alaska	Sydney - Perth Australia
Ibiza	California
Belgium	Florida- Pensacola
Hawaii	+many more locations

****Please keep in mind that Mother of Dragons breathed life into the 13 dormant Christos Solar Dragons in the grids, those 13 Dragons are now moving through processes of awakening fully to protect the angelic christos human tribes and angelic humanity****

1.12.25 Secret Space Program Black Heart Cities

Upon the tasks of conducting observations on Pluto, Saturn, and Mars, one can see the Secret Space Program hub city networks that create cyborgs as off planet human trade and trafficking systems. Each city that is involved with the creation of cyborgs and slave race labor is considered the ultimate Anubian Black Heart City. The Anubian Black Heart structure is the core of how they build these networks and infrastructures of weaponized Femto-technologies, Nanotechnologies, and assorted colors of Black Goo. Even if the

Secret Space Program hub is located in a parallel timeline, time pocket, or Interdimensional pocket, it has been observed that the Anubian Black Heart structure spans out multidimensionally to support black heart cyberpunk technocratic cities for the enslavement of alters from the location of Earth and other planetary bodies where Negative Alien Factions may have been trading alters and or made cyborgs for consciousness transference purposes.
